

2015 - Western Tidewater Medical Reserve Corp Projected Training & Engagement Plan

Overview:

There are numerous ways/means by which volunteers can complete training or participate in upcoming community events, and exercises/drill set.

This is a static snapshot of projected/anticipated training opportunities, community events, and exercises/drill set that our unit may be involved in throughout 2015; other opportunities will present during the year (you will be notified of those opportunities as they happen). The dates, times, topics, and locations are subject to change based on volunteer/space availability and VDH/Partner Organization requirements beyond our control. This training plan does not include projected or specific Office of Risk Communication and Education training; these upcoming training opportunities, community events, and exercises/drill sets are/will be announced using the Virginia Volunteer Health System (VVHS) Alert notification process.

Additional Training Venues:

TrainVirginia is a credible source of training that provided self-paced, recorded, and live local, state, & national level training opportunities. TRAINVirginia participants must establish an account to use this free training resource; please follow directions posted at:

<http://www.vdh.virginia.gov/mrc/wtmrc/documents/2014/pdf/To%20Create%20a%20VA%20MRC%20TRAIN%20VA%20Account.pdf>

The Tidewater Emergency Management Services (TEMS) Council offers some no-cost/low cost courses to support First Responders & Medical Reserve Corps requirements. Please visit <http://tidewater.vaems.org/> to review upcoming course offerings.

The Peninsula Emergency Management Services (PEMS) Council offers no-cost/low cost courses to support First Responders & Medical Reserve Corps requirements. Please visit http://www.peninsulas.vaems.org/index.php?option=com_jevents&view=month&layout=calendar&Itemid=273 to review upcoming course offerings.

The Virginia Department of Emergency Management (VDEM) announces future Incident Command System (ICS) training opportunities and also provides a VDEM Update e-mail in which volunteers can review and register for VDEM related training opportunities. To subscribe to the VDEM Update email please access: <http://www.vaemergency.gov/news/subscribe>

This plan is subject to change based on volunteer availability and VDH requirements
